

VALDATA TOUR S.A.S. di Giancarlo Bertola e Cristina Valdata

Category: Tour Operator Circuito Incoming

business description: We have been operating in the individual and group travel sector since 1976. We offer our clients true professionalism, a standard that has become increasingly rare in today's world, built on 50 years of experience. We support our clients with attention, dedication and courtesy, from the initial consultation stage to the choice of trip and even after departure.

Our assistance is comprehensive, wide-ranging and determined by the experience of those who do not improvise as sales agents, but continuously nurture their professional expertise for those who appreciate quality and refined taste at a fair price.

Our services range from the sale of tour packages to the design of tailor-made travel experiences, to wedding gift list management, to the sale of single services.

We specialize in organizing group departures from our city, by coach or by plane, for national and international destinations, which we organize in every detail, providing the assistance of our official tour leaders throughout the journey.

We issue airline and rail tickets, make bookings for national and international ferries, low-cost carriers, coach companies, car rentals and travel insurance.

Our group tours are always highly appreciated because we offer unique and unusual itineraries, crafted with meticulous attention to detail. We are very attentive to the cultural level of our private guides as we aim to maintain a high standard of service at a fair price. All enhanced by our proprietary microphone system which makes every explanation clear and seamless.

Our trusted Tour Operators are among the most reputable and well-established in the travel industry and we are part of the Very Net network, which stands out for the quality of services, traveler protection, and thanks to which we can boast particularly favorable conditions for our clients.

We maintain the identity of a traditional travel agency, but always look to the future with a well-informed and open-minded approach, in an increasingly comprehensive and multi-faceted vision of tourism.

We are proud to be part of the Alessandria by Bus project.

We love our city and our surrounding region! We have developed a range of themed packages focusing on Alessandria which include the highly unique and unusual "Alessandria Massonica" and, on request, we are open to satisfying the needs of group and individual clients alike who wish to discover the city of Alessandria and its surrounding area, the beautiful Monferrato region.

A 50-year-old journey

It makes me smile when I think of the Journey of a Travel Agency, which sends its clients on holiday. And yet, this is exactly what these 50 years have been: a Journey.

It began on 1 July 1976, with my father Alberto Valdata and my mother Marina Costanzo. A journey, which began in a small office in Via Trotti, of which a few black and white photos remain, and has continued, since 13 January 1979, here in Via Pistoia: "our street".

Like Life itself, our journey has had its ups and downs, unexpected developments and sudden changes, partings, losses and challenges that have truly put us to the test... like the flood. We have always learnt from them and become a little stronger and a little more united.

Thanks to this Unity, to this "family", that we have been able to create, with Maria Cristina and Giancarlo first and now Giancarlo and me, we can continue our journey, drawing on the strength of the professionalism, expertise and love for our work which my father handed down to us every day, so that each one of you can make your own Journey with a smile and the determination that inspires us to build, fully aware that the most important journey of all is the one we make inside ourselves...but to be able to do so on holiday is sometimes even better!
